

INDUSTRIAL DIPLOMA IN SOFTWARE DEVELOPMENT (IDSD)

This programme is designed after considering the Information and communication industry requirement in order to produce an 'Industry-ready' middle level technician in Software development. It also gives a student a firm foundation to commence a degree level academic programme.

PROGRAMME OBJECTIVES

- ✓ Produce IT professionals with right competencies.
- ✓ Help learners with right aptitude & high entry level qualification who do not qualify to enter a university or further studies.
- ✓ Certify and open an entry point for learners those who drop out from other courses, through competency based learning methods.
- ✓ Provide innovative learning methods for different learners who learn in different ways.
- ✓ Give equal weightage for the four components of Competency – KSAP (Knowledge, Skills, Abilities and Personal Characteristics) to make behavioral change in the learner to produce IT practitioners.

IDSD PROGRAMME

- ✓ TVEC Registered Diploma
- ✓ NVQ4 curriculum + additional 4 major modules
- ✓ Job Guaranteed

ENTRY REQUIREMENTS

- ✓ At least 3 "S" passes for G.E.C A/L
- ✓ At least "S" passes for nine (09) subjects for G.C.E. O/L
- ✓ Passion for IT & Programming

COURSE DURATION: - 1 Year - Full Time – Monday to Thursday
